Dental Myths Explained:

<https://www.teethtalkgirl.com/career/rdh/dental-myths-and-facts/>

My webpage (linked above) addresses common dental myths—including those about root canals, fluoride toothpaste, fluoridated water, nano-hydroxyapatite, dental radiation, oil pulling, and more. Each topic features a related YouTube video for easy access, with sources cited in the video description boxes, as well as at the bottom of the webpage link above.

I share this QR code as a resource for patients who have questions about dental health misinformation, and you're welcome to share it too!
